Greater OpenStack Ecosystem

Applied & Accepted by TC

- Wide range of related open source projects
- Some may apply for incubation
- Many will never apply.

Incubated Projects

- On the road to the integrated release
- Typically takes 18-24 months before being approved for graduation
- Approved for Incubation by the Technical Committee
- More stringent requirements for incubation approved by TC

Integrated Release

- The software is released every 6 months
- Technical Committee managed + Release Manager & PTLs

Works with projects in greater Ecosystem

Supporting Programs

Shared infrastructure and resources for OpenStack projects
